

Academy Parents and Alumni Support Fisher House Foundation

Submitted by Paul McCollom

Each US military academy (Army, Navy, Air Force and Coast Guard) has associations for alumni and parents.

You can contact the parent and alumni associations in your state to ask for a donation or to reach out to their membership on your behalf. Setting up a speaking engagement at a monthly meeting would also be a great way to get support and to talk about the Foundation.

If you're a grad yourself, consider e-mailing the members of your class to announce your participation with Team Fisher House and ask them to support your campaign.
